

## NOTICE

The City of Bessemer is requesting Statement of Qualifications from a qualified engineering firm to provide engineering, design and bidding and construction review/inspection services for activities related to its Community Development Block Grant program.

CDBG activities involve capital projects including construction and repair of infrastructure. Award of the engineering contract is contingent upon the grant being funded by the U.S. Department of Housing and Urban Development. Responding firms should be technically qualified and licensed to provide the design, inspection and bidding services for local, state and federally-funded projects.

A full list of statement of qualification requirements can be obtained by formal request from the Community Development Department at the City of Bessemer, 1700 Third Avenue North, Bessemer, Alabama. Department staff may also be contacted by phone at 205-424-4060 to make the request. All statements of qualifications shall be submitted to the Department at the above stated address, to the Attention of Abraham Ward, Principal Rehabilitation Specialist, no later than 4 p.m. (CT), November 12, 2020.
